

# AegisUSA — Mid Market Offering A Total Identity Management Solution

## **Affordable Identity Management**

AegisUSA, an end-to-end total solution provider focused on Identity Management (IdM), offers an affordable Mid Market solution.

## **Unique Identity Management Challenges**

AegisUSA understands the IdM challenges facing Mid Market businesses, including:

- Complying with regulations and mandates to meet stringent reporting requirements.
- Provisioning resources to the appropriate personnel so they can efficiently and effectively do their jobs. Deprovisioning resources to secure the open environment.
- Improving service levels to increase customer, partner, and employee efficiency.
- Reducing operational costs while still managing large, dynamic user populations through the use of automation, delegation, and self service.

Our IdM solution has been tested and proven in complex environments, including higher education, and offers:

- **A cost-effective implementation**
- **Ease of maintenance and training**
- **Unprecedented scalability as Mid Market organizations grow into large organizations**

## **AegisUSA Identity Solution Set - Mid Market Offering**

AegisUSA delivers a comprehensive solution including:

1. Assessment
2. Sun Identity Management Software offering for the Mid Market including Deployment of two out of the box adapters
3. AegisUSA Identity Software (AIS)
4. Development and Deployment
5. Training with the option of on-going support

AegisUSA starts by assessing the customer's current environment and IdM requirements for a fixed, low price. If the customer moves forward with AegisUSA, we apply the Assessment fee to the cost of the total IdM Solution.

## **A Cost-Effective, Scalable IdM Solution**

AegisUSA offers our Mid Market customers a total IdM solution at a fixed price for up to 4,000 users. Identity Management solutions have existed for years, but not at a price point that made sense to businesses in the Mid Market range. AegisUSA's unique IdM solution also scales into a Mid Market business's environment and grows with the business.

## **Industry Leading Support**

AegisUSA is unique in offering our customers the option of a support agreement for the IdM implementation.

## **AegisUSA One Partner, One Solution**

AegisUSA provides the process, technology framework, and services necessary to successfully implement an Identity Management solution, thereby removing the complexity from our customers.
