## **Dynamic Systems to Resell Aegis Identity Appliances**

*Appliances Reduce Cost of Entry into an Enterprise-Class Identity Management System*

**Greenwood Village, CO — April 6, 2010** — AegisUSA today announced that Dynamic Systems Inc., a Los Angeles, California-based information technology solutions provider, has signed on as an authorized AegisUSA Reseller Partner. The Aegis Identity Appliances, which allow clients with existing investments in directory services, provisioning, and authentication to enhance their IAM capabilities with new features such as SSO, self-service, federation, and provisioning to the cloud, will be included as part of Dynamic System's existing Identity Management offering.

Bundling hardware, identity management software, and configuration services into a single package, [Aegis Identity Appliances](#) provide customers with scalable Identity Solutions at an entry-level price. The Aegis Identity Appliances have been developed to solve specific business needs such as reducing helpdesk costs, increasing user productivity, managing compliance requirements and protecting clients from the risks of intrusion. This unique offering in the IAM space is designed with the power, flexibility and scalability of an enterprise-level IAM solution allowing clients to expand their identity management infrastructure as business needs demand.

"A number of our customers require a simple and inexpensive start-up path to implement features of the identity management solution set. Aegis Identity Appliances resolve our customer needs and allow us to support them through implementation and beyond," stated Mardi Norman, Dynamic Systems CEO & President.

Dynamic Systems is partnering with AegisUSA as an [Authorized Reseller](#). This group includes both software and IT services providers who have been trained to sell and deliver AegisUSA's IAM Solutions. AegisUSA's network of Solution Partners are IAM industry leaders who ensure that AegisUSA customers have an integrated, total solution, which leverages the strength of AegisUSA's core technology.

(more)

"Dynamic Systems' mission to provide their customers with superior solutions and outstanding services to efficiently and effectively move, manage and protect their data and electronic information exchanges aligns well with the benefits delivered by Aegis Identity Appliances," said Ralph Armijo, AegisUSA CEO. "In addition, Dynamic Systems' branch offices, customer base, and accreditations are the ingredients of a mutually beneficial partnership."

### **About Dynamic Systems, Inc.**

Dynamic Systems provides technology solutions that make data management simple. We work closely with our clients to understand current challenges, long-term goals and budget requirements – then combine best-in-class hardware, software, services and support to streamline maintenance and optimize performance.

Since 1991, Dynamic Systems has built a solid reputation as the IT experts of choice, with a relentless focus on customer satisfaction and strong understanding of our clients' core requirements. Our cleared resources, financing options and contract vehicles make it very easy to work with us, particularly for our government and education customers. As a small, minority-owned business with enterprise-class resources, partnerships and state-of-the-art facilities, we provide the IT consulting, product advice and training you need to succeed. For more information on Dynamic Systems, visit them online at [www.DynamicSystemsInc.com](http://www.DynamicSystemsInc.com).

### **About AegisUSA**

Founded in 2004, AegisUSA is a comprehensive solution provider focused on Identity and Access Management (IAM) products and services. AegisUSA offers a unique Identity Management Solution Continuum which provides clients with a spectrum of Identity Product offerings including Aegis Identity Appliances, Aegis Pre-Defined Identity Solutions, Custom Identity Solutions, Managed Delivery of Identity Infrastructure and, as a future offering, Identity as a Service. All of AegisUSA's Identity Solutions are based on proprietary Intellectual Property (IP), a set of methodologies developed and packaged to harness and encompass the company's vast IAM expertise. Leveraging AegisUSA's IP provides clients with an Identity Solution that will scale to meet current and future identity infrastructure requirements as business needs emerge and budget becomes available. Additionally, clients benefit from reduced deployment costs, reduced deployment time, reduced complexity, and reduced risk as a direct result of AegisUSA's methodology and solutions. For more information, please visit AegisUSA's website, [www.aegisusa.com](http://www.aegisusa.com).
